

Cranab FC45

Cranab FC45

The forestry crane that gives the best to the best. The Cranab FC45 has been developed for users who know that quality always pays in the end.

Providing the optimum alternative to smaller forwarders and agricultural tractors, where the crane makes the difference - without shortcuts or compromises!

The Cranab FC45 and its attractive design solutions are inspired by our larger forwarding

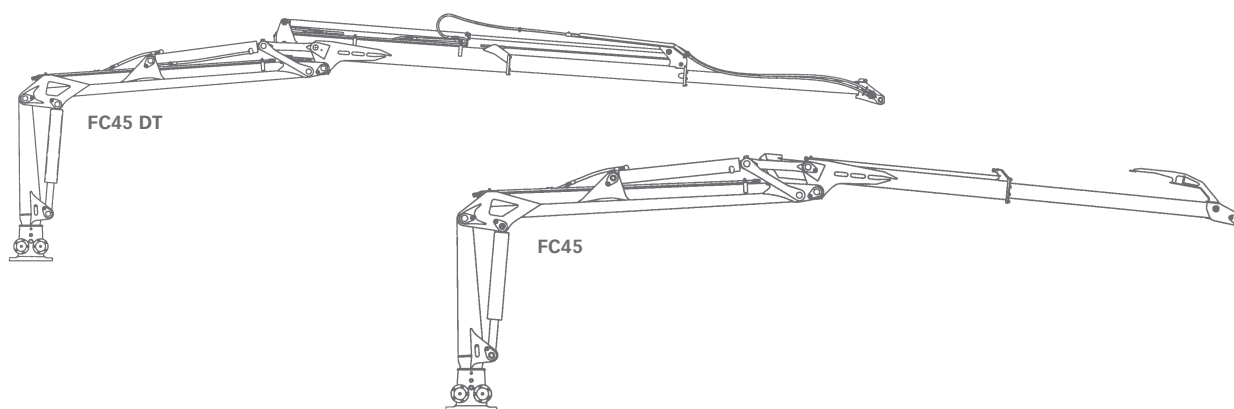

cranes. It is therefore also based on the professional demands the forest imposes, with quality down to the finest detail. Parking positions, hosing, hydraulics and high-quality materials provide the perfect complement!

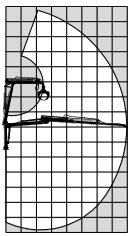

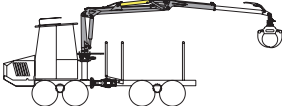

The Cranab FC45 is available in two versions, with either a single or double telescopic outer boom. The latter offers excellent reach, for thinning. The linking outer boom ensures a wide field of movement,

with equal power throughout the entire area.

The construction is robust yet light, and is suited to many different kinds of application. The slewing assembly naturally has double slewing cylinders for extra power.

As always, Cranab's well-routed hosing provides superior operating reliability and smoothness. Various valve options can be supplied, mounted in a practical way directly on the foot of the crane.

Range of movement.	Technical data Tele:		Technical data Double Telescopic:	
 <p>White area: the crane's range of movement.</p>	Max. reach	6.1 m	Max. reach	8.0 m
	Lifting force at tip of boom:		Lifting force at tip of boom:	
	at reach	3.0 m 1120 kg	at reach	3.0 m 990 kg
		4.6 m 765 kg		4.8 m 650 kg
		6.1 m 570 kg		8.0 m 355 kg
 <p>Suitable for large agricultural tractors/small forwarders</p>	Slewing torque, gross	13.5 kNm	Slewing torque, gross	13.5 kNm
	Lifting torque, gross	45.6 kNm	Lifting torque, gross	45.6 kNm
	Slewing angle	380°	Slewing angle	380°
	Boom extension	1.55 m	Boom extension	3.21 m
	Working pressure	19 MPa	Working pressure	19 MPa
	Recommended oil flow	40-80 l/min	Recommended oil flow	40-80 l/min
	Weight without unit, rotator and oil	650 kg	Weight without unit, rotator and oil	795 kg

Right to alteration reserved. The pictures do not always show cranes in standard version.
